PLAYS TO A BIG AUDIENCE

CHINESE PLAY PRESENTED AT PRESBYTERIAN CHURCH.

COACHED BY MISS GRAY

Given Under Auspices Jean MacKenzie Chapter of Westminster Guild of Presbyterian Church.

Sunday evening the Jean MacKenzie Chapter of the Westminster Guild of the Presbyterian Church presented the play "A Stitch in Time" to a crowded house. Every seat in view of the platform was taken and many were standing.

The leading characters of the play were "Polly," which was taken by Miss Irene Goff; Miss Katherine Keplar played "Bobolink;" "Patches;" the thieving Chinese servant and interpreter was played by Miss Lucy Allen. All these parts were cleverly portrayed.

Miss Miriam Gray did all the work of coaching and producing this play. She is graduating this spring in dramatics and art at the State Teachers College. The play was splendidly produced and reflected great credit on Miss Gray and all the cast.

Supporting members of the cast included the Misses Ruth Fisher, Catherine Gray and Catherine Harrison, who took the part of three American girls. Frederick French was the Chinese boy of the play, and Miss Lorena Gault the Chinese doctor. Chinese men and women were Misses Ruth Lawrence, Hallie Foley Claire Davis, Ruth Fisher, Dorothy Murray, Cleta McCoy, Eleanor Agnes Sawyers and Pauline Frazier.

The story of the play is that "Polly," played by Miss Irene Goff, refuses the proposal of a young preacher who is going to China as a missionary, and marries a young business man, "Bobolink," only to find that he is going to China as agent for a sewing machine company. In the opening scene she explains to her three American girl friends, why she does not want to go to China, giving typical reasons for lack of interest in foreign missions, and scorn for the Chinese people.

Arriving in China just as they are getting settled "Bobolink" falls from a ladder, and is laid up in a hospital for months. "Polly" his wife, conceives the idea of selling the sewing machines, of "iron tailors" as the Chinese call them. To do this she starts a sewing class in operating the machines. The running of the machines nearly scares the Chinese women away, but "Polly" thinks of telling them a story of Jesus, for the Chinese have been very curious about the "gods of the White Devils" as they saw no idols in the house.

The result is that by the time of the recuperation of "Bobolink" "Polly" has done a lot of real missionary and has a new feeling toward the Chinese people. The play brings out many of the customs, much of the mode of thought of the Chinese people, and what Missionary work really means to that country.

At the opening of the program Miss Irene Goff gave a short statement about the Jean MacKenzie Chapter and publically expressed the appreciation of the Guild to Miss Irene Teagarden, who organized the chapter and is its sponsor and advisor.

50 Legionnaires Attend Big Feed on Nodaway River

More than fifty Legionnaires "took in" the picnic Saturday night on the Nodaway River about nine miles southwest of here that was sponsored by the James Edward Gray Post No 100 of the American Legion. There would have been a much larger attendance if the weather and roads had been more favorable.

Legionnaires from Graham, Rock Port and Quitman drove over to the camp to eat mulligan stew prepared by Ben Chandler.

Wilfleys to St. Louis.

G. L. Wilfley, president of the Farmers Trust Company, accompanied by Mrs. Wilfley, left Saturday night for St. Louis to attend the annual convention of the Missouri Bankers Association which opened today. The sessions of the thirty-fifth annual meeting are being held at Hotel Jefferson.

Mrs. Theodore Gray Dies This Morning

Funeral Services Will Be Held Tuesday Afternoon at the Pickering Christian Church.

Mrs. Theodore Gray, 51 years old, a life-long resident of Nodaway County, died at 1:15 o'clock this morning at her home, two and a half miles northwest of Pickering. Mrs. Gray had been ill of complication of diseases for several months.

Funeral services will be held at 2 o'clock tomorrow afternoon at the Christian Church in Pickering, conducted by the Rev. R. E. Snodgrass of Maryville. Burial will be in the Glendale cemetery, west of Pickering.

Mrs. Gray was born near Quitman on October 7, 1873. Surviving are her husband, her father, Elwood Fakes of Pickering; a brother, Charles Fakes, Pickering, and two sisters, Mrs. Nora Pierpoint, Maryville; and Mrs. Maggie Pierson, Drummond, Okla.

KNOCK PAVING ON FILLMORE

REMONSTRANCE IS FILED SATURDAY AFTERNOON

SIGNED BY SEVENTEEN

Council Will Meet Tomorrow to Check Over Protest Against Proposed Concrete Paving

Seventeen resident property owners on North Fillmore street filed a protest against the proposed paving of Fillmore street between Fourth and Eighth streets with seven-inch reinforced concrete with the city clerk late Saturday afternoon.

Tomorrow was the last day assigned by the city council for filing of remonstrances and would have passed a motion for the final adoption of a paving resolution declaring paving necessary on this portion of Fillmore street if no protests had been presented to the council.

The remonstrance states that the seventeen property owners are a majority of owners of property abutting Fillmore street between Fourth and Eighth streets.

On March 19 eighteen property owners who had signed a petition requesting the city council to order in paving on Fillmore formally presented the instrument. Some of those who signed the original petition have their names listed on the remonstrance. Those who signed the petition requesting paving.

L. R. Holt, W. L. Rhodes, Mrs. W. L. Rhodes, Mrs. Ed Masters, Edwin Masters, Mary O'Donnell, Mrs. Electa Miller, Harry Miller, Mrs. Inez Pearl Sullivan, Mrs. Mahala Burns, A. F. Harvey, W. G. Sawyers, S. C. Richeson, Mrs. S. C. Richeson, J. W. Shriver, Nannie J. Shriver, Albert and Paul Kuchs, and Harold Heaton.

The remonstrance reads:

"We, the undersigned, being a majority of the resident property owners and owning a majority of the front footage abutting North Fillmore street from Fourth street to Eighth street, inclusive, hereby make protest and object to the paving of said Fillmore street from Fourth street to Eighth street, inclusive:

"Ellis G. Cook, A. P. Cook, T. H. Cook, L. C. Cook, Albert Kuchs, Paul W. Kuchs, S. C. Richeson, Anna M. Richeson, John Appleby, John A. W. Shriver, Nannie J. Shriver, Mrs. Mary Herron, J. W. Toel, Jeanette Williams, Mrs. M. Smith, Frank Knabb and Mrs. M. P. Havelin."

This is the second remonstrance to be filed this year against proposed paving in this city. Recently a sufficient number of property owners on Walnut street killed a resolution for brick paving on seventeen blocks on Walnut street between Lincoln and Ninth streets.

CHAUTAUQUA PROGRAM HERE

C. C. COLLETT, FIELD MANAGER, HERE IN CITY TODAY.

MILITARY BAND COMING

Caine's Texas Military Band to Be One Feature of the Program Here July 30 to Aug. 5.

"You folks who wanted a band on the 1925 chautauqua program in place of May Valentine's opera company are to have your wish gratified," C. C. Collett, field manager of the Redpath Vawter System, told Maryville chautauqua boosters today when in town conferring with the local patrons and underwriters. "Mr. Vawter has decided to listen to the folks who have voted for the band in preference to the opera and has engaged Caine's Texas Military Band and singers, of twenty-five pieces. This is one of the best military bands in the country and should prove a big card," continued Mr. Collett.

The Chautauqua here will be from July 30 to Aug. 5.

Two Plays Again.

From Mr. Collett the Democrat-Forum and Tribune reporter learned that altho the 1925 program is not yet complete it promises to surpass last season's splendid offering in general popularity.

There will be two plays again, produced by Mr. Keighley with that popular actor in one of them, as usual.

The plays will both be splendid comedys, "Strange Bed Fellows" which had a long run in both New York and Chicago last year, deals with women in politics and tells in a very humorous way of the strange complications when a woman runs for mayor on a clean town ticket and is supported by a river-ward boss.

The other play is "Adam and Eva," a story of a family of wasters who became producers through necessity. It is clever and full of laughs and with Mr. Keighley playing a star role nothing more need be said.

Vierra's Original Hawaiians, the greatest native Hawaiian company ever brought to America; the Tobias-Harper Co., Mrs. Burns' Style Revue, a musical trio; the Rainbow Ladies Band and Orchestra; Burgerfer the humorist and Fitzpatrick the clown are other entertainment features.

Strong Speakers.

"The British Labor Movement" will be discussed by Ben Wilson, who campaigned in Great Britain and helped elect the MacDonald administration, and his story will give inside information, also tell the cause of the Labor Party defeat in the last election.

Dr. E. T. Hagerman, who spoke at the Des Moines delegate convention and proved so popular, will tell of "The Man With One Window;" Edward T. Devine, the great "Dean of Social Work" will tell about "Three Present Day Revolutionists," Dr. Ernest Burton McDowell will give an illustrated travelog on "Egypt and the Far East," touching on the opening of King Tut's tomb and Lawrence Denves will discuss "Problems of the Far East."

The Rev. Joseph A. Cooper, a former pastor of the Baptist Church of Maryville, is on the program for an address, "To Hell With War," pointing out what war has done to people and what people can do to war if they awake.

Services for Editor Wood Tuesday at Elmo

Funeral services for John S. Wood, editor of the Elmo Register, will be held at the Christian Church in Elmo on Tuesday afternoon at 2 o'clock. Burial will be in the I. O. O. F. cemetery at Elmo. Mr. Wood died Friday evening at the home of his son, Dr. Walter S. Wood in Oregon.

The services will be conducted by the Rev. Mr. Anderson, pastor of the Christian Church in Oregon.

J. O. Bolin Files a $53,000 Bond Today

John Orten Bolin, collector elect for the township of White Cloud, filed his bond with the county clerk, Fred W. Smith today. His bond is for $53,000 and the sureties on the bond besides himself are James G. Skidmore, Ireby E. Wohlford, George W. Cole and John A. Fields.

Walter S. Pollock Dies at Clearmont Sunday

Walter S. Pollock died yesterday morning about 8 o'clock at his home five and a half miles northeast of Clearmont. He had been sick for about two years and was confined to his bed for about two weeks. The cause of his death was paralysis.

Mr. Pollock was 60 years old. He had lived on the same farm near Clearmont for twenty years. He had been a resident of the Clearmont community since he was 19 years old.

Funeral services will be held tomorrow afternoon at 2 o'clock. Dr C. C. James of Maryville will conduct the services. Burial will be in Hazel Dell cemetery.

Mr. Pollock is survived by his wife, and a daughter, Mrs. Charles Britton of Clearmont, a grandson, Cople Sterling Britton, Clearmont, and a brother, Alvin Pollock of Taloga, Okla.

TELLS ABOUT PARDON DEAL

DAVIS FLATLY DENIES ACCEPTING ANY MONEY.

TRACES FAMILY LIFE

Attorney-General Implicates Russell In Portland Cement Activities—Poliman Matter Explained.

Topeka, Kan., May 18.—Direct examination of Jonathan M. Davis, former governor of Kansas, on trial for alleged conspiracy and soliciting a bribe for a pardon sought for Walter Grundy, Hutchinson banker, ended shortly before noon and Attorney-General C. B. Griffith began his cross examination.

Col. A. M. Harvey, chief counsel for Davis, closed his direct examination by asking Davis if he had ever been offered a bribe to pardon Grundy.

"I was not," the former governor replied.

Attorney General Griffith began his examination by going through the family life of the Davis'. He paid particular attention to the life of the former governor's son, Russell Davis, who is charged with accepting a bribe in the Fred Pollman case.

Young Davis is the manager of his father's farm in Bourbon County, and some inquiry was directed into the yield of the farm.

"Did Russell Davis tell you that he had met Fred Pollman down on the farm?" the former governor was asked.

"Russell told me about the visit and asked me what would be done about the Pollman matter," Davis testified. "I told him there was no change."

Davis was also questioned about the fact that the name of his son, Russell Davis, appears as a director of the Atlas Portland Cement Co., he being credited with ten shares.

Davis, still under cross examination, told of the circumstances under which his son took Pollman's pardon to the latter at the National Hotel. He said that Russell came into the executive office, saw the pardon on the governor's desk, asked if it had been granted, and then said that Pollman was at the hotel and he would take it to him. He said, according to the governor, that Pollman did not come to the office because of publicity.

Dr. Fryer to Speak at Health Conference

Miss Margaret Davison, County Health Nurse, Will Give Paper Before Nurse Conference.

Dr. C. P. Fryer, county health officer, and Mrs. Fryer will leave tomorrow for Jefferson City, where Dr. Fryer will attend the State Health Officers' Conference that will be in session beginning Wednesday. Dr. Fryer will deliver an address Friday afternoon to the conference on the subject "Value of Birth Registration." Dr. Fryer is one of two health officers of the state who will deliver papers before the meetings. All of the other talks will be given by speakers from outside the state.

Miss Margaret Davison, county health nurse, will attend the state conference of public health nurses, that will also be held there this week. She will deliver an address on Friday afternoon "One of the Popular Phases of Public Health Work in My County."

BANK CASE IS BEFORE JURY

TO INVESTIGATE MYERS-MILLS PAUGH ALLEGED DEALS.

TO SEEK INDICTMENTS

Investigating Body Would Also Instigate Charges Against Former Director on Grounds of Law Violation.

Memphis, Mo., May 18.—The Scotland County grand jury today went in to session to investigate the failure of the Citizens Trust Co., of Gorin, Mo., around which centered the suspension of Frank C. Millspaugh as state finance commissioner.

The county will ask indictment of Roy T. Myers, former cashier, and Gerome B. McCutcheon of St. Louis, former director of the defunct bank, on charges of violating the state banking statutes in receiving deposits knowing the bank to be insolvent.

Simultaneously, the state is expected to ask indictment of Millspaugh, former Republican state finance commissioner, based on a confession made by Myers involving Millsaugh in the bank's irregularities. However, it was exlained that it would be necessary for Myers to appear before the grand jury and reiterate his confession in order to involve Millspaugh, but Scotland County officers have refused to grant Myers immunity should he appear.

Eight Democrats, three Republicans and one Socialist comprise the grand jury.

U. S. not Changed in Debt Fundng Policy

England Will Press For Allied Debt Settlement But Will Not Set Definite Time Limit.

Washington, May 18.—The latest vigorous effort of the United States to collect the seven billion dollars owed by foreign nations on account of war loans marks no deviation from the government's fixed policy for the liquidation of these debts, it was declared officially today.

This explanation was made in view of reports that Ameriea's renewed collecting drive was the first step towards some kind of an international arrangement for the purpose of wiping out all inter-allied debts through a checking off process.

London, May 18.—England will press for allied debt settlement but will not set a definite time limit for its creditors, Premier Baldwin told the House of Commons today.

"I think there is no advantage to be gained by fixing a time limit, but I assure you every opportunity will be taken to press for settlement of this question," Premier Baldwin said.

Deposits Increase in National Banks

Washington, May 18.—Total resources of national banks in the United States are $23,832,463,000, Charles Collins, acting comptroller of the currency, announced today. The figures are based on returns from the "bank call" of April 6 and showed an increase of $1,769,575,000 during the last year.

Hotchkins to Mason City, Ia.

Mr. and Mrs. D. E. Hotchkin, their son, Ralph, and daughter, Mildred, left yesterday by motor for Mason City, Ia., where they will visit Mr. Hotchkin's aunt, Mrs. Allen Bradley, for ten days. Miss Lottie Malam is assisting in the Hotchkin store during their absence.

Coy West of Cheyenne, Wyo., came today to visit Mrs. Nell Morgan and son, Jack. He formerly lived near Hopkins.

Balkan Caldron Is at Boiling Point Again

Fifteen Hundred Soldiers Reported Engaged in Repressing Activities Of Bandits—Many Arrests.

London, May 18.—The Balkan caldron is boiling again, reports reaching London today showed.

Fifteen hundred soldiers were engaged in repressing activities of armed bandits east of Sophia and clashes are reported at various other points.

The minister of war in Belgrade is said to have discovered a plot to assassinate the members of the Bulgarian parliament. Information coming from Belgrade said nearly 100 arrests have been made there in a plot against the king. Public indignation was reported to be running high.

THREE JURORS ARE ACCEPTED

TO HEAR EVIDENCE AGAINST WILLIAM D. SHEPHERD.

SCORE IS REJECTED

Capacity Crowd Taxes Courtroom of Judge Thomas J. Lynce to See Shepherd Face Trial.

Criminal Court, Chicago, May 18.—Three jurors to hear the evidence against William D. Shepherd, charged with murder for the death of William Nelson McClintock, his millionaire ward, had been accepted by the state when court recessed for lunch shortly after noon today.

They were Frank Stiever, insurance man, Stephen Schupen, machinist foreman, and Herman Brieske, garage man and motor car salesman.

A score had been rejected for various reasons, predominant among which was an aversion to the death penalty, preconecived prejudice in the case as a result of widespread publicity, and unwillingness to convict on circumstantial evidence.

A dozen prospective jurors were called and took their places in the box. They were sworn, and George E. Gorman, assistant state's attorney, read them the names of the attorneys and witnesses in the case. Opposition to the death penalty disqualified the first man.

Dr. C. C. Faiman, star witness for the state and jointly accused for the murder, stood unnoticed in front of a post in the courtroom while reporters, prospective jurors and crowds of the curious milled around him.

Criminal Court, Chicago, May 18.—Apparently calm and undisturbed by the ordeal, William Darling Shepherd walked through the narrow door from the "bull pen" into Judge Thomas J. Lynch's court today to answer the state's charge of murder for the death of William Nelson McClintock, his millionaire ward.

The crowd, which taxed the capacity of the little courtroom, saw him take his place near the defense counsel's table, saw him turn and smile to his wife, sitting a short distance away, and watching him intently as he settled himself to await the picking of the jury.

Health Play Given by the Jefferson Pupils

On May 13 the nutrition work of the Red Cross closed in the Jefferson ward school. At this time the second grade pupils of Miss Mary Lewis gave a health play entitled, "Mother Goose's Health Children," to which twenty-one mothers attended.

This play completed the health program carried on at the Jefferson School by Miss Dixie Harris, nutrition worker for the Red Cross chapter, and Miss Margaret Davison of the public health department. Miss Harris gave a short talk on the aims and accomplishments of the nutrition program. As Miss Davison was out of this city she could not take part on the program.

WILL APPOINT SENATOR SOON

BAKER TO MAKE ANNOUNCEMENT IN FEW DAYS.

MANY ARE MENTIONED

Williams, Pershing And Others Considered in Line For Post of Senator Spencer Who Died Saturday.

St. Louis, May 18.—Close friends and official colleagues of the late Senator Selden P. Spencer were awaiting the arrival of his family from Washington today before entering upon any special arrangements for the funeral services here Wednesday.

The funeral party, en route here from Washington with the body, includes Mrs. Spencer, their two sons, Brookes and Oliver, a sister, Mrs. Kemper Fullerton of Oberlin, Ohio, Mrs. Spencer's Physician, Dr. Mary Reid, and close friends.

It was believed that public services would be held with hosts of the Senator's friends throughout Missouri expected to attend.

Washington, May 18.—The body of Selden P. Spencer of Missouri, who died suddenly Saturday night, will leave here at 6:30 o'clock tonight aboard a train for St. Louis, where funeral services will be held Wednesday.

There will be no services in Washington.

Mrs. Spencer, the Senator's two sons, O. W. Spencer of St. Louis and J. B. Spencer of Pittsburgh, and a committee of Senators will accompany the body.

The funeral services in St. Louis will be held at the Second Presbyterian Church at 3 o'clock Wednesday afternoon.

Senator Spencer died here suddenly Saturday night at Walter Reed Hospital from a blood clot on the brain following an operation for hernia.

Jefferson City, May 18.—General John J. Pershing, retired native Missourian, was being prominently mentioned by political observers today to succeed the late Selden P. Spencer, who died in Washington Saturday night. Efforts are being made to offer the name of the veteran to Governor Baker for consideration, it was said.

"I have made up my mind whom I intend to appoint, but I will make no announcement until after the funeral Wednesday," Governor Baker said. "The sudden death of the Senator has shocked and grieved the people of our state as well as the nation at large.

"He will be greatly missed by the people he served so faithfully for the last six years. I am calling upon all departments of the state government to refrain from the transaction of any business during the time of the funeral."

Governor Baker added that he probably would attend the funeral, leading a large delegation of Missouri officials, Senators and Representatives, who will be asked to gather here to form a special funeral party.

General Pershing was being supported by Dr. E. B. Clements, Republican national committeeman, who also has been ignored by Governor Baker in past major political affairs.

George H. Williams, former circuit judge of St. Louis and prominent in state politics, was likewise bestowed with certain chances as the Senator's possible successor.

Kansas City, May 18.—Republican politicians were silent today regarding the possibility of a Kansas Citian succeeding the late Senator Selden P. Spencer, who died suddenly in Washington Saturday night.

There was no indication that sentiment would crystalize here until after the funeral Wednesday, if even then, there would be any definite move toward urging a Kansas City man on Governor Baker.

Mrs. Vern Cox of Graham was taken yesterday to the Missouri Methodist Hospital in St. Joseph for treatment. She was accompanied by her husband, and her mother, Mrs. Ed Bratcher of Clearmont.

SENATOR SPENCER.

The unexpected death of Senator Spencer comes as a shock to the entire state. The senator was in his prime, intellectually. He had shown no sign of the inroads of advancing years. His buoyant spirits and gay vitality constituted an outstanding characteristic. It is hard to think of him as gone.

In his service as senator Mr. Spencer's unfailing courtesy and geniality had won him a wide circle of friends. These qualities were not assumed. They were an expression of the essential kindness of the man. They showed themselves constantly in his work in the senate. No matter how bitter the personalities of the debate, Senator Spencer bore no grudges. He was able to meet his bitterest enemies with disarming cordiality. Such a temperament is a great gift.

These lovable qualities will be long recalled. They are behind the genuine sympathy that will go out from the whole public, without regard to party, to the family of the senator in this bereavement.—Kansas City Times.

AMERICANS FOR RETAINING THE LURE.

The march of progress is not to drown out with the roar of motor boats the song of the picturesque gondolier of the Venetian canals nor destroy the tranquility of these romantic "streets" of water and the alluring balconies overhanging them. An appeal signed by several hundred American boys and girls and prominent citizens and students definitely decided the Italian premier against permitting the motorizing of the Venetian gondolas.

"There are some things so holy that no material gain can justify their sacrifice," declared Premier Mussolini upon issuing the orders which preserves not only the peace and charm of the medevial "Queen of the Adriatic" but the picturesque gondolier and his graceful gondola.

Upon its canals Venice depends for its transportation. Like in other cities of Europe the volume of passengers and freight traffic has increased manifold since the time of the Doges. No doubt the expedition of traffic upon the canals would relieve congestion, and, although the gondoliers can propel their craft with incredible swiftness, the motorization of the gondola would obtain that expedition.

In the American city the primary objective is to care for the greatest volume of traffic in the quickest possible time. But the American home, since it is not in such close proximity to the highways as the Venetian home is to the waterways, is not as seriously menanced by modern street noises. And yet in this most commercial of the countries of the world, truck traffic in many cities and towns is forbidden in residential boulevards.

Probably the deciding factor in Venice's traffic problem was the conviction that the American tourist wants the gondola and its gondolier. That citizens of the noisest cities of the world should object to noise in Venice is not as paradoxical as it may seem. When Europe loses its old world charm it will lose its greatest lure for American visitors and that would be a catastrophe for the tourist centers of Europe.

NOTICE

Owing to the fact that my Practice has Increased so rapidly the last year in Maryville and is increasing every week, I am compelled to discontinue my Branch Offices I have in three other towns, in the future the public will find me in my Optical Rooms over Hotchkin's Book Store in Maryville every day in the week and every week in the year, unless I should have a call by old or crippled people who are not able to come to Maryville. Another "survivor" of the Custer massacre has turned up in Illinois. Judging from the number of "survivors" most of Custer's men must have gotten away in spite of the general belief to the contrary.

The U. S. Agricultural Department recently issued a bulletin which read "The cat crop ranks third in importance." If the last two words had been omitted, it wouldn't have been far from the truth. But it looks like the proof reader or somebody in the Agricultural Department ought to know the difference between cat crop and oat crop.

The state of Wisconsin which has been the pioneer in much progressive legislation has adopted a law providing for an old age pension with a view to doing away with poorhouses altogether. The law allows an old age pension of one dollar per day and the pensioneer is not required to live in any institution. One half the expenses is to be borne by the state and one-half by the county. It is likely that such a law will mean an actual saving to the counties of the state besides providing a happier method of caring for those who actually need assistance.

Lakeland, Florida, is a live town. Never heard of it? Perhaps not. It is a comparatively new town but it has 17,000 people and is growing rapidly. It has a live Chamber of Commerce, so live in fact that everybody belongs to it. This little city boasts of the second largest membership in the United States. It has 4,323 members who pay annual dues to the amount of $108,075. A large amount will be spent for publicity and the city will add substantial appropriation for the same purpose. Everybody is pulling together in Lakeland and Lakeland is booming.

A SOUND CREDIT PLAN.

Individuals and institutions in many sections of the country are becoming concerned over what they describe as a popular tendency to go into debt for the common satisfactions of life. Their concern frequently assumes the proportions of alarm.

When these alarmists speak of a "popular tendency to go into debt for the common satisfactions of life" they are referring to the growing tendency of the millions to purchase automobiles, phonographs, furniture, radios, jewelry and good clothes on the partial or deferred payment plan. They believe the mortgaging of incomes is contrary to economic laws but it depends on whether they keep within their incomes.

Every reformer must have his "horrible examples" and those who oppose the "pay while you use it" plan are no exception. They have dug up instances where the wage earners have pledged themselves to meet monthly payments in excess of their entire incomes and on the strength of them are condemning the entire system.

If the charges were well founded as to the majority, the "easy payment plan" would have "blown up" long ago. The mere fact that the plan has been almost universally adopted in this country is proof enough that it is sound. For further proof ask the credit men what the percentage of loss is and ask the average family whether the system benefits or works a hardship upon it. The credit man and the family are the first defenders of the system.

They are discussing now whether a bee is actually busy or just looks busy. He can make a human being get busy some times and there is no dispute about that.

Gov. Baker Proposes Two-Mills State Tax to Support Schools

Jefferson City, Mo., May 18.—Gov. Baker issued a statement late Saturday in which he urges the people of the state to adopt a constitutional amendment to provide a two-mill state tax on property for the sole support of education institutions of Missouri. The Governor's statement was relative to his present action in cutting the appropriation bills some $6,344,000 below the total as passed by the legislature.

He said in part:

Huge Over-Appropriations.

"The Legislature failed to carry out any part of my suggested program. No measures for increase of revenue were passed. The consolidation measures which would have effected a very material saving were passed by the House but permitted to die in the Senate. The Legislature did, however, send to me at the end of the session, appropriations exceeding by almost $7,000,000 the estimated revenue for this coming biennial period. This was in addition to items aggregating approximately $1,000,000, which they appropriated out of the one-third part of the revenue for public schools and which had formerly been taken from the general revenue.

"I have had the very painful and unpleasant duty of vetoing and holding up items amounting to $6,344,418. In many instances such action will cause not only inconvenience but actual suffering to innocent parties, but as I view the situation there was no other course open.

Permanent School Levy.

"Referring to educational appropriations I wish to add that, having been closely associated with the educational activities of the state for a number of years, I have long since become convinced that our present method of distributing funds to the various educational institutions should be changed, and that there should be provided a permanent tax for this purpose, which would provide adequate suppolt and enable them to plan intelligently their work and development through a period of years; whereas now they must of necessity limit any constructive program to a term of two years at the end of which time all operations must be suspended while these institutions take upon themselves the role of professional lobbyists, with the resultant evils and inequalities attendant upon such practice.

"A constitutional amendment providing for a permanent tax of from one to two mills for this purpose, which could be followed by legislative action lowering the general property tax in proportion, would undoubtedly be of great improvement over our present system. A tax of two mills upon the present valuation would produce approximately $9,000,000 per year or $18,000,000 for the biennial period.

"The appropriations requested for the years 1925-1926 by the various educational institutions, including the School for the Blind at St. Louis and the School for the Deaf at Fulton, aggregated $13,927,174. Needless to say the amount actually received by them was several millions short of these figures.

"I want the people of the state to know the true conditions of affairs, and I trust that the department heads and heads of the institutions will show the proper spirit and not be calling for the release of funds when there are no funds to release. The practice of entering into contracts for buildings and incurring financial obligations before the revenue has been provided must stop. All departments and institutions must not spend more than their appropriations. This administration will not hesitate to veto deficiencies bills in the future without regard to the cause of such deficiencies.

"I am ready at all times to confer with any citizen of the state on any matters pertaining to the general welfare of the commonwealth, reserving of course the right to reach my own conclusions. This applies alike to matters of patronage as well as policies."

Mr. and Mrs. William Berg and Miss Sadie Aley went to Skidmore this afternoon on business.

U. S. FREEDOM 150 YEARS OLD

FIRST SIGNING OF INDEPENDENCE IS CELEBRATED.

ANOTHER NEXT YEAR

Important Anniversary Today That of Mecklenburg Declaration—Hurl First Defiance.

Charlotte, N. C., May 18.—Inaugurating a series of sesqui-centennial celebrations in the United States commemorating American independence, the historic county of Mecklenburg, North Carolina, today staged the 150th anniversary of celebration of the signing here on May 20, 1775, of the Mecklenburg Declaration of Independence.

The Mecklenburg celebration will precede by more than a year the celebration in Philadelphia next year of the signing on July 4, 1776, of our National Declaration of Independence.

It was in Charlotte, then but a mere crossroads village, that the patriotic Mecklenburg Scotch-Irish settlers met and promulgated the first defiance of the mother country and passed resolutions declaring themselves forever free and independent of the British crown. It was in this same section that Lord Cornwallis, commanding the English forces, received such a hot reception at the hands of the patriots that he dubbed Charlotte and Mecklenburg the "hornets' nest" of the Revolution, and it was here, also, that many of the stirring Revolutionary skirmishes took place.

Elaborate Features.

The 150th anniversary celebration of the signing will attract hundreds of visitors from many sections of the United States. It will be the most elaborate ever attempted. A feature of the five day celebration will be the presentation on each night in an especially constructed amphitheatre of a pageant portraying the history of Mecklenburg from its earliest settlement.

Recognition of the celebration by the United States Government was officially sanctioned when a few months ago Congress passed the United States Mecklenburg Sesqui-centennial Celebration Commission act, which provided for the appointment of four Senators and four Representatives by the Speaker of the House and the presiding officer of the Senate and three other persons by the President of the United States as a commission to represent officially the Government of the Nation.

Federal Commission.

This commission, which will come to Charlotte tomorrow to remain throughout the celebration period, is composed of Senators George Wharton Pepper, of Pennsylvania; James E. Watson, of Indiana; Kenneth McKellar, of Tennessee, and Lee S. Overman of North Carolina; Representatives Charles L. Faust, of Missouri; Adam M. Wyant, of Pennsylvania; Jeremiah E. O'Connell, of Rhode Island, and A. L. Bulwinkle, of North Carolina, and Miss Sara A. Butler, of New York, daughter of President Nicholas Murray Butler, of Columbia University, and former Senator Hoke Smith, of Georgia.

Mrs. Craven to California.

Mrs. Nancy A. Craven of Pickering will leave Thursday morning for Fort Scott, Kan., to visit relatives and friends and attend the commencement exercises of the high school, from which her grandson, Loren Van Buren, will be graduated. Mrs. Craven later will visit relatives and friends in Kansas City. After her visit in Kansas City Mrs. Craven will go to Los Angeles, Cal., where she will spend the summer with her daughter, Mrs. Charles Lyons, and a sister, Mrs. George Alexander.

Curator Appointed.

Judge Jesse F. Robertson of the Probate Court today appointed William H. Sherlock of Burlington Junction as curator of the estates of his three minor children, John J. Sherlock, Maurice L. Sherlock and Francis P. Sherlock.

Mr. and Mrs. Arthur Eckhouse and children, Charlene, Charles and Deloris, of Conception were guests at the home of Fred Kroetch, 822 East Second street.

DELINQUENT TAX NOTICE

The Missouri Statutes require the County Treasurer to file suit against the persons and property having collectable taxes delinquent more than one year.

The County Court has ordered me to make such a list and turn over to the Attorney appointed for that purpose, for attention all such taxes by the first day of June, 1925.

By making payment to me before that time, costs will be saved for the taxpayer.

Question: *Can Buick 4-wheel brakes be applied while turning corners?*

Answer: Certainly. The brake on the outside front wheel is automatically released, making steering easy and car control sure. Only one such device has so far been perfected, *and Buick has it.*

Spencer Was Elected to Succeed W. J. Stone as Senator in 1918

Defeated Joseph W. Folk by 38,000 in His First Race and Was Re-elected by Huge Majority in 1920

Senator Selden P. Spencer, whose death occurred in Washington Saturday night, was elected to the United States Senate from Missouri in 1918 to fill out the unexpired term of the late William Joel Stone. He defeated the late Joseph W. Folk, the Democratic nominee, by approximately 38,000 votes.

The death of the Senator, who was 63 years old, came as a shock, as he had been in good spirits Saturday and his early recovery had been expected. He was operated on about ten days ago for hernia.

His law partner, Forrest C. Donnell, is a former Maryville boy, graduating from the Maryville high school.

He was re-elected to the Senate in 1920, defeating Breckinridge Long, Democratic nominee, by approximately 135,000 votes. Spencer was opposed for the Republican nomination by Dwight F. Davis of St. Louis, now Assistant Secretary of War.

Would Have Run Again.

A few weeks ago he told intimate political friends in Washington he would be a candidate for re-election in 1926. He had ambitions to become United States District Judge at St. Louis and probably would have been appointed to that position by President Coolidge had he decided to appoint C. B. Faris to membership on the United States Court of Appeals. The President, however, appointed Judge Van Valkenberg of Kansas City to the Apellate Bench and Merrill E. Otis of St. Joseph to that vacancy.

Spencer's death creates a vacancy which must be filled by appointment by Gov. Baker. There are likely to be several names submitted to him, among them Assistant Secretary of War Davis, Cleveland A. Newton, Tenth District Congressman, Former Gov. Hyde and perhaps others.

Baker's appointee will serve only until th election in 1926, when a senator for the six year term must be elected.

Selden Palmer Spencer was born in Erie, Pa., September 16, 1862. His father was Samuel Selden Spencer and his mother was Eliza Deborah Palmer Spencer. He attended school in Erie, and for several years sold papers to get money for his education. He had made up his mind to go to Yale, and he went to New Haven and entered the Hopkins School for his preparatory course.

In the Yale class of 1884, Spencer ranked seventh in scholarship among 150, and delivered the philosophical oration. After his graduation he removed to St. Louis and began the law course of Washington University. He finished this course and was admitted to the bar there in 1886. He continued scholastic work in the first few years of his law practice, and obtained the degree of philosophy from the Missouri Medical College. In later years Westminster College, of Fulton, Mo., conferred the degree of LL. D. on him.

Served on Circuit Bench.

He was elected to the lower house of the Legislature in 1894, and two years later he was elected to the Circuit Court bench for a six-year term. He did not seek re-nomination but returned to the private practice of law, the recent style of his law firm being Spencer and Donnell.

In 1905, when the Republican Legislature deadlocked on the selection of a United States Senator, Spencer was considered, but Maj. William Warner was the final choice.

In 1914, Spencer was vice-chairman and acted for a time as chairman of the Board of Freeholders, which framed the present charter of St. Louis.

He was made chairman of the District Draft Board in St. Louis in war period, and was Captain and Adjutant of the First Regiment Missouri Home Guard, throughout the time when that regiment took the place of the absent 138th Infantry.

In 1918, following the death of Senator William J. Stone, and the interim appointment of Xenophon P. Willfley by Gov. Gardner, Spencer obtained the nomination for the vacancy, which was for a two-year term. Joseph W. Folk, former Governor, was the Democratic nominee in the November election and Spencer's decisive victory over Folk was a surprise to all except those Republican politicians who had canvassed sentiment throughout the State.

Supported Lodge Reservations.

The period of Spencer's entrance in to the Senate was perhaps the most important since the reconstruction days of the '60s. Spencer early took a position in favor of ratification of the League of Nations covenant with reservations. But in March, 1919, he signed the "round robin" of Senate Republicans, as submitted by President Wilson, unacceptable.

He voted for the Lodge program of reservations, and in March, 1920, he voted for ratification of the peace treaty with the Lodge reservations. He voted in May and June, 1920, for the resolutions declaring a separate peace with Germany, and declining to give the President power to accept a mandate over Armenia.

During the discussion over the League, Spencer engaged in a controversy with President Wilson, over Spencer's statement, made in a speech in St. Louis, that the President has promised a delegation of Rumanians and Serbs, in Paris, that the United States would defend them if their countries were invaded. It developed that Spencer's information had come from a magazine article. The stenographic report of the President's remarks gave a different impression from that given by the magazine article and the Senator's speech.

On the prohibition question, Spencer voted, as a rule, with the drys. He voted to pass the Volstead enforcement act ofer President Wilson's veto. Later, he spoke in favor of a possible increase in the legal alcoholic content over the one-half of 1 per cent permitted by the Volstead law, but stipulated that the increase must not be sufficient to make the beverage in fact an intoxicating one.

In 1920, Spencer was opposed by Dwight F. Davis of St. Louis for the nomination for a full term in the Senate. Spencer won in the primary, and he had an easy victory, in the Harding landslide of that year, over the Democratic nominee, Breckenridge Long.

Supported Newberry.

He was chairman of the privileges and elections committee, of the Senate, to which the contest of Henry Ford against Truman H. Newberry, Senator from Michigan, was assigned. The issue in this contest was the excessive use in money in behalf of Newberry in the Republican primary, in which as in the later election, Ford had been his opponent. Spencer supported Newberry throughout the controversy, but pressure from other quarters resulted in Newberry's resignation.

In the oil investigation, Spencer signed a minority report, opposing the conclusions of Senator Walsh. His actions in this matter, and in the Newberry case, made him the target attack from several other Senators, particularly his Missouri colleague, James A. Reed.

After a tour of Europe two years ago, Senator Spencer announced his support of the proposal that the United Statps should enter the World Court, and should co-operate in humanitarian activities of the League of Nations, abut without assuming responsibility under the league covenant.

Spencer's dealings in matters of Missouri patronage were not always fortunate. In 1922, he sought to keep Attorney-General Barrett from entering the primary contest for the Senatorial nomination. He wrote to Barrett suggesting that the Attorney-General of the United States, Harry M. Daugherty was not likely to hold his place much longer, and that Barrett might have a chance at this Cabinet apointment if he stayed out of the senatorial fight. Daugherty, however, held his place for some two years longer, and Barrett, who disregarded the suggestion, was beaten for the nomination by R. R. Brewster, whom Senator Reed, defeated in the election.

He sought to obtain the appointment of the late Vital W. Garesche, a professional associate, to a Federal judgeship here, and was so insistent that he would not name a second choice. This attitude on his part resulted in the selection of Judge Davis, without reference to the Senator.

Active Church Member.

Spencer was an active member of the Presbyterian church, and a former State president of the Y. M. C. A. He was an advocate of "tithing," and regularly set apart one-tenth of his gross income for contributions to church, education and charity.

Mrs. Spencer, to whom he was married in 1886, was formerly Susan M. Brookes, daughter of the Rev. Dr. H. Brookes, a noted Presbyterian minister, who was pastor of Washington and Compton Church in St. Louis. Mrs. Spencer formerly conducted women's Bible classes in St. Louis, and after going to Washington she became leader of a class of 600 women, which met in the ballroom of the Willard Hotel.

Senator and Mrs. Spencer had three sons. Oliver Spencer is in business employment in St. Louis and lives at the Missouri Athletic Association. Brookes Spencer lives in Pittsburg, and Selden P. Spencer, Jr., is a missionary of the Presbyterian church in China.

Miss Anna Leamer underwent a tonsil operation at St. Francis Hospital Saturday.

WHY SKINNY FOLKS TAKE COD LIVER OIL

Gain 5 Pounds in 30 Days or Get Your Money Back.

Because it is richer in vitamines than any other food in the world.

Doctors prescribe it for riekets and anaemia in children and for tuberculosis, malnutrition and convalescence in grown up people.

As a producer of weight — good healthy flesh—there is nothing in the world so good.

But it's nasty tasting, horrible smelling stuff that often upsets the stomach so doctors now are ordering cod liver oil in tablet form.

You've got to take on weight when McCoy's Cod Liver Oil Compound Tablets are taken regularly—you simply can't help it.

It's so good that if it doesn't put on five pounds of good healthy flesh on any skinny man or woman in thirty days the McCoy Laboratories of New York authorize Maryville Drug Company, Gaugh & Evans, and all druggists to return the price you paid for it.

Be sure to ask for McCoy's Cod Liver Oil Compound Tablets—sixty tablets—60 cents. One woman put on fifteen pounds in five weeks, and they are especially valuable to weak, thin children.

27 Million Families; 17 Million Automobiles— in the U. S. A.

THE Standard Oil Company (Indiana) is one of the outstanding successes of American industry.

It interprets success not from the balance sheet alone, but from the achievement of its ideal to produce gasoline and oil in sufficient quantities to meet all demands, and to sell these products at prices all can afford to pay.

Each year the registration of motor-driven vehicles increases, and with each increase comes a tremendous additional demand for gasoline and oil.

It is the business of the Standard Oil Company (Indiana) to meet this ever-increasing demand. To do this its facilities must be kept constantly ahead of current requirements.

The latest figures for 1924 give our national automobile registration as 17,740,236. When it is considered that there are but 27 million families (approximately) in our country, it is easy to see that the family enjoyment of the automobile is nearly universal.

We take great pride in the advance of our automobile industry but the vast expansion of this enormous business would have been impossible without the foresight, initiative, hard work and sound judgment of the oil industry generally, and the Standard Oil Company (Indiana) particularly.

For this universal employment of the automobile, a constantly dependable supply of oils and gasoline at low prices is necessary.

The business of the Standard Oil Company (Indiana) has prospered because it has served the millions—because its service has been honest, sincere, tireless and efficient—and because the basis of this service has been to hold down prices, and to be satisfied with small profits per item sold.

Such service has given impetus to the rapid growth of the automobile industry and this service has been a fundamental contribution to the splendid civilization we see around us today.

SOIL EROSIN BIG PROBLEM

SIX YEAR TRIAL MADE AT EXPERIMENT STATION.

CROP ROTATION USED

Erosion May Be Lessened by This Practice—Land in Sod Would Require 3,500 Years to Erode.

"One of the most serious problems in Nodaway County in regard to soil maintenanace is soil erosin," J. Ross Fleetwood, county agent, told the Democrat-Forum and Tribune today. "At the Missouri experiment Station during a six-year trial it was found that the soil cultivated four inches deep after each rain and growing no crop eroded at the rate of almost 250 tons per acre," he said. "This is equivalent to hauling off forty wagon loads of soil from each acre per year. Another plot kept in corn continuously eroded at the rate of 100 tons per acre for the six year period. The plot which was in a rotation of corn, wheat and clover eroded only one-seventh as much as the plot in corn continuously.

"In other words," Mr. Fleetwood commented, "land planted to corn continuously will lose the top seven inches in fifty-six years while land in a simple rotation of corn, wheat and clover will require 437 years to suffer the same amount of erosin.

Mr. Fleetwood then explained that "land in soil would require 3,500 years to erode the surface seven inches. If it were possible to keep land in sod, erosin would be a very simple problem. However, this is impossible, but the results at the Missouri station show that by practicing a simple rotation of crops, erosin may be cut down seven-eighths over that where corn alone is grown. It may be that one of the great benefits of crop rotation is due to the lessened erosin. At any rate it should be an added incentive to the practice of crop rotation."

Mrs. Will Harting of Jamestown, Ind., who was called here several weeks ago by the critical illness and death of her mother, Mrs. Mary E. Shockley, left last Thursday for her home.

Can Plant Soybeans After Oats Harvested

Gives Plenty Time to Mature for Hay and in a Normal Season for the Seed, Says Fleetwood.

"A good many farmers in the county," said J. Ross Fleetwood, county agent, today, "sowed sweetclover or red clover in their oats this spring depending on that for their legume crop. Where these crops fail it throws that land out of a legume for the year. This can be overcome," he said, "by the use of soybeans. After wheat or oats are harvested, there is plenty of time for soybeans to mature for hay and in a normal season for seed.

"The land should be given thorough preparation to insure that all weeds and grass are killed. The beans may either single or double rowed with a corn planter. For seed the single row is much to be preferred," according to the county agent.

"Probably the best varieties for this use," Mr. Fleetwood believes, "are the Morse, Midwest, and Wilson. They should be planted at the rate of 2-3 pecks to the acre, in single rows. The beans may be harvested with a mower for hay or a grain binder for seed."

Lower First Cost and Upkeep

There is a double economy in the Ford Car that materially lowers the cost of motoring for the millions of Ford owners today.

First—a Ford Car is the lowest priced on the market—the least expensive car the automotive industry has ever produced.

Second—it costs less to operate and maintain. Fuel consumption is low—you get high mileage from tires. Repairs and replacements are infrequent; and charges, even for the labor involved, are small.

The Ford Weekly Purchase Plan makes it possible for anyone to buy a Ford on the easiest of terms. You may pay for your Ford out of your regular earnings. Ask any authorized Ford dealer about the details of this plan or write us direct, using this coupon.

DUNLOP

With factories and branches on all six continents Dunlop can truly be termed the Internationally-Greatest Tire Industry.

In America, the greatest of all tire fields, is now located the ninth and greatest of all Dunlop plants, at Buffalo, New York.

Into each Dunlop product goes the skill and collective knowledge that could belong only to the "Founders of the Pneumatic Tire Industry."

Dunlop tires look very similar to other reputable tires. It is inside, in the body of the tire, where Dunlop fineness is apparent. There you will see the tough, rubber-soaked cords, each layer diagonally arranged so as to give the greatest possible strength in both directions. It is in these rubberized cords that Dunlop miles are hidden away. They are the foundation upon which the body of the tire is constructed, the cornerstone of Dunlop quality.

Graham Girl Held at Atchison Kan.

(Kansas City Journal)

Atchison, Kas., May 17—Miss Laura Simpson, 16 years old, of Graham, Mo., will be arraigned here tomorrow morning on a charge of converting a rented automobile, the property of Samuel Gallup, to her own uses. She was arrested in Leavenworth Friday with her sister, Marie, 20, and Miss Virginia Young, 15, of Atchison, after the trio had disappeared with the car. The latter two were released.

Lowell B. Campbell, sheriff, said this morning he received a call from the police to be on the lookout for the party in the vicinity of Graham, but the above story indicates the Atchison police found the trio.

Leavenworth, Kan., May 15.—Virginia Young of Atchison this afternoon was arrested in Leavenworth with Laura Young of Maryville, Mo., in a touring car, alleged to be the property of an Atchison taxi operator. Sheriff Edward McCullough of Atchison county drove to Leavenworth to catch the pair, but missed them as he had driven to Victory Junction, fourteen miles south of here, before he learned the pair had been arrested in Leavenworth.—Kansas City Journal.

Chief of Police Bernard Dougan said this afternoon he did not know of the foregoing parties mentioned and was of the belief their home is not Maryville.

Closing Grain Review.

Chicago, May 18.—Grains ran into heavy liquidation in today's market on the Board of Trade, and prices slumped sharply.

Brisk selling in wheat was led by longs, disappointed by lack of support sales and a small decrease in supplies. Movement of new crop grain is getting under way in the Southwest with consignments from Nebraska reported coming to Chicago.

Crop complaints from the Southwest were more than offset by excellent prospects in the Northwest.

Corn was inclined to follow wheat. The market tone was heavy because of better weather and slow cash demands.

Oats held to a fractional reduction despite the general weakened under tone.

Provisions sold off late on realizing by packer and oil interests.

Solo—Claude Minteer.

Closing Address—Edith Bright.

Class Song.

Address—Mr. Rolf Raynor.

Presentation of Diplomas.

Although it rained on Friday, the day of our "outdoor" picnic, it did not spoil our good time. We fooled Mr. Weather Man by having our dinner in the high school auditorium. Such eats as there were! But no bad results have yet been reported.

The Commencement exercises Friday evening were well attended considering the condition of the weather.

L. M. Eek, head of Maryville Chamber of Commerce, gave a splendid address. After the presentation of diplomas the mothers and pupils of the primary grades presented Miss Jessie Summers with an ivory clock and lovely silk hose as a token of their appreciation of her splendid service since she has been among them.

The Eighth grade graduating class presented Miss Garland Groom with an ivory clock.

The pupils of the public school who deserve honorable mention for perfect attendance during the term are:

First grade—Doris Davis, Ruth De Vall and Richard Weatherman.

Second grade—Frank Cooper and Chrystal Weatherman.

Third grade—Forrest Cooper.

Fourth grade—Ambrose Davis.

Fifth grade—Lorene Minteer.

Sixth grade—Iva Leininger.

Seventh grade—Esther Davis, Paul Thompson and Grace Ingram.

Eighth grade—Claude Minteer.

High Schol—Herman Parrott and Charley Thompson.

We Master Cleaners

Are Proud of Our Efforts

And being a "Master" means MORE than merely hanging out a pretty three colored sign. They wouldn't take us into the National Association of Dyers & Cleaners of the United States and Canada until we PROVED that we knew the processes; until we PROVED we owned our plant and did our own work; until we made arrangements for properly caring for our customers' garments.

We are Making a Profession of a Trade

There is so much study; so many fine points; so many scientific angles to the cleaner's product, that the nature of the work entitles the term "Profession." It's a high class proposition whenever the "Master" emblem is attached.

PAVING RESOLUTION NO. A-21.

A resolution for grading, paving, curbing and otherwise improving Walnut street, from the south line of the right of way of the Wabash Railroad to the south line of Twelfth street, in the City of Maryville, Missouri.

Be it resolved by the Council of the City of Maryville, Missouri, as follows, to-wit:

Section 1. That it is hereby declared necessary to bring to the established grade, pave, curb, and otherwise improve the roadway of the following street, in the City of Maryville, Missouri:

Walnut Street, from the south line of the Right of Way of the Wabash Railroad to the south line of Twelfth Street,

Including the street returns to a distance of three feet from face of curb, with the following width of roadway from face of curb to face of curb: 20 feet in width.

Section 2. That the said grading shall consist of bringing the roadway of said street to the established grade, as provided by Ordinance No. 1022 of the City of Maryville, Missouri, by cuts and fills and by excavation sufficient to provide for the aforesaid paving, as shown by profiles of said street now on file in the office of the city clerk.

Said paving shall consist of 2½ inch Vertical Fiber Brick, to be laid on a 4-inch Concrete base, with 1 inch sand cushion and asphalt filler.

The curb shall consist of a straight curb, constructed of concrete. The curb to be 5 inches wide at top and six inches at bottom, and an average depth of 16 inches.

All the aforesaid improvements shall be constructed in strict accordance with the plans and profiles now on file in the office of the city clerk.

Section 3. The cost of said work, to-wit: grading, paving, curbing and otherwise improving, including the cost of bringing said streets to the established grade, shall be levied as a special assessment upon all lots and tracts of land upon either side of said street improvements abutting thereon, as provided by law, and special tax bills, bearing interest at the rate of 8 per cent per annum after 30 days shall be issued to the contractor for payment of said work.

Section 4. This resolution shall be published for seven consecutive insertions in the Democrat-Forum and Maryville Tribune, a daily newspaper published in said city.

Passed and approved this 11th day of May, 1925.

LOCALS TRIM STANBERRY 9

DEFEATS VISITORS 13 TO 5 HERE YESTERDAY.

H. BUHLER FANS 14

M. M. B. C. Will Play at Tarkio Tuesday For the Opening Game of the Season There.

The M. M. B. C. felt generous yesterday—donated Stanberry three runs in the first inning and then settled down to play baseball, defeating the visitors 13 to 5 at the ball park here.

Forsythe, starting on the mound for Maryville filled the bases and forced in a run by walking four and another Stanberry batter took first on a hit ball. Turnipseed flied out, but it was a long fly to left field and the man on third came in. Buhler came to the rescue. On a wild pitch Laughlin made the third score. Heine then fanned two and Stanberry got only two more runs during the game.

In the second Bishop, Stanberry catcher, hit out a two-bagger and Laughlin brought him home with a single and the same thing happened again in the seventh inning.

The Maryville players touched Buckridge for runs in the four innings out of eight that they went to bat. In fact Buckridge was knocked out of the box in the seventh inning and Laughlin hurled the remaining inning and a half.

In the fifth inning about the only real exhibition of baseball was displayed when Maryville pulled the first and only double play of the game. Laughlin got on base by an error. Turnipseed, next man up, knocked out a grounder to Meyers who threw Laughlin out at second and Jameson threw Turnipseed out at first.

Buhler allowed the visitors only five hits, and they were scattered, while he retired fourteen Stanberry players by the strike-out route. He walked three during the entire game. Maryville got four two-base hits and a triple while Stanberry was credited for two two-baggers and Bishop of Stanberry clouted out a three-bagger in the ninth inning but was left there when Buhler fanned Chattin.

Buckridge fanned three Maryville men and walked one.

Young of Maryville and Turnipseed of Stanberry were umpires.

On Tuesday of this week the M. M. B. C. plays at Tarkio for the opening game of the season there.

The score by innings:

Maryville 020 032 06x—13.
Stanberry 310 000 100—5.

The Maryville batting line-up:

Tobin, ss; Mayes, c;; Liley, rf Meyers, 3b; Jameson, 2b; Brennan, 1b; Still, cf; England, lf; Forsythe, p. Buhler for Forsythe in first inning; Young for England in eighth inning.

Stanberry: W. Besinger, 3b; Bishop, c; Laughlin, ss; Turnipseed, rf; Chattin, 1b; Buckridge, p; H. Besinger, cf; Stockton, 2b; Dixson, lf. Laughlin in for Buckridge in seventh inning.

St. Marys Loses to Quitman Club, 4-12

Is Second Game for Church Team—E Yehle Replaces John Thompson on Mound in Fifth Frame

St. Mary's baseball team playing its second game of the season with the Quitman town team yesterday at Quitman lost by a score of 4 to 12. The Quitman batters got to John Thompson's deliveries in the fourth and fifth innings, garnering five and four runs, respectively. Eugene Yehle went in on the mound for Thompson in the fifth inning with the bases full and after unfortunate fifth frame held the Quitman players to a lone score.

Bailey hurled a good game for Quitman, allowing the St. Marys boys four scattered runs.

The St. Mary's batting order:

Joe Thompson, 2b; Herman Linneman, 3b; A. L. Auer, c; Wagner, cf; Paul Buhler, ss; M. Wagner, lf; Zimmerman, rf; Bleuel, 1b; John Thompson and E. Yehle, pitchers.

The Quitman line-up:

Johnson, McDowell, Johnson, Ashford, Jones, Branson, Malvern, Stevens and Bailey.

The score by innings:

St. Mary's .....001 100 011— 4
Quitman .....011 054 100—12

The members of the team will meet tomorrow night and elect a manager. Paul Buhler has been acting in this capacity to present date. The St. Mary's team is intending to arrange a schedule that will include a game every Sunday during the season.

BEARCATS BREAK RECORDS AT M. I. A. A. TRACK MEET

ARE THIRD IN MEET WITH TOTAL OF 36½ POINTS.

J. SMITH SETS RECORD

Wins 2 Mile Run—Both Relays Are Won By Northwest Teachers—Springfield Wins Meet.

With Paul Robey sprinting the last 100 yards of his 220 yard lap with just one shoe, as he threw one of his spiked shoes, the Bearcat half mile relay team of the Northwest Missouri State Teachers College established a new record in this event at the M. I. A. A., track and field meet held at Kirksville Saturday.

George Smith, Dixie Davenport, Paul Robey and Frank Crane ran the four 220 yards in 1 minute 33 6-10 seconds, after the first two men had competed in five races. This broke the record of 1 minute 35 2-5 seconds made by Warrensburg last year.

Six records were broken at the state meet Saturday, and besides the half mile relay falling to Maryville, John Smith, son of Fred W. Smith, county clerk, set a record in the two mile run, winning by a foot over his nearest opponent, Hembree of Springfield. John Smith stepped the two miles in 10 minutes, 27 2-5 seconds, the former record of 10 minutes 40 2-5 seconds being held by Springfield up to Saturday.

The Maryville mile relay team copped this event. George Smith, Davenport, Crane and Wakely ran the mile in 3 minutes 38 2-5 seconds, four seconds slower than the record they set at the meet last year.

G. Smith, captain, and Davenport, ran in six races each, more than any other track men present. Davenport placed in the preliminaries of the 100 yard dash and the 220 yard dash and in the meet placed third in the 100 yard dash; first in the 880 yard run and ran in the relays. He did not run the finals of the 220 yard dash. G. Smith placed in the preliminaries of the high and low hurdles and in the meet placed third in the high hurdles, first in the 440 yard dash and ran in both relays. He did not run the finals of the low hurdles.

The Springfield Teachers won the Missouri Intercollegiate meet with 47 points; Kirksville was second with 37½ points; and Maryville third with one point less than second place winner. Warrensburg totaled 12 points and Cape Girardeau garnered 11 points.

Davenport and G. Smith tied for high-point men. Due to a misunderstanding in totaling points they have not as yet received their trophies.

Maryville would have placed higher in the meet if the regular system of awarding points had been conformed to. Four points was awarded for second place in the relays and three points for third place. Heretofore only five points have been given to the winner of the relay races.

H. Frank Lawrence, coach, said today, that this was the last meet for the Northwest Teachers and the boys already have broken training.

In spite of a field made rather sticky by heavy rains, 7 new records were set and one old equaled. New records were set in 880 yd. run, 2 mile were set in the 880 yard run, 2 mile run, half mile relay, shot put, high jump, discus and javelin, the record in the 220 yard low hurdles was equaled. The summary:

Mile run—Won by Hickman, Kirksville; Holt, Warrensburg, second; Hembree, Springfield, third. Time 4:36.6.

440 yard run—Won by G. Smith, Maryville; Buckminster, Cape Girardeau, second; Brown, Warrensburg, third. Time, 53.6 seconds.

100 yard dash—Won by Hamilton, Springfield; Riggins, Kirksville, second; Davenport, Maryville, third. Time, 10.4 seconds.

120 yard high hurdles—Won by Reynaud, Springfield; Dalton, Cape Girardeau, second; G. Smith, Maryville, third. Time, 16.1.

880 yard run—Won by Davenport, Maryville; Hickman, Kirksville, second; Britton, Springfield, third. Time 2:04.2.

220 yard dash—Won by Hamilton, Springfield; Unger, Kirksville, second; Riggins, Kirksville, third. Time, 23.6 seconds.

220 yard low hurdles—Won by Reynaud, Springfield; White, Warrensburg, second; Barnes, Kirksville, third. Time, 26.8 seconds.

Mile relay—Won by Maryville; Kirksville, second; Springfield, third. 3:38.2.

Half mile relay—Won by Maryville; Springfield, second; Kirksville, third. Time, 1:33.6.

Two mile run—Won by J. Smith, Maryville; Hembree, Springfield, second; Hickman, Kirksville, third. Time 10:27.2.

Pole vault—French, Warrensburg, and Hollar, Maryville, tied for first and second; Peoples, Maryville, and J. Perry, Kirksville, tied for third. Height, 11 feet, 3 inches.

High jump—Barnes, Kirksville, and Davis, Springfield, tied for first and second; Peoples and Morris, both of Maryville, tied for third; height, 5 feet, 10 inches.

Shot put—Won by Galloway, Springfield; Vail, Kirksville, second; Hendren, Kirksville, third; distance 42 feet ½ inch.

Discus—Won by Hendren, Kirksville; Hollar, Maryville, second; Rill, Springfield, third. Distance, 128 feet 2¾ inches.

Running broad jump—Won by Davis, Springfield; Unger, Kirksville, second; French, Warrensburg, third. Distance 21 feet, 2⅝ inches.

"Million Dollar" Pair

Here's the "million dollar" battery of the Philadelphia Athletics, Gordon Cochrane and "Lefty" Groves. Of course, the players didn't bring that sum in actual money. It's just a phrase, though they did cost the crafty Connie Mack over $100,000 in the well known cold cash. Mack expects great things of the pair, however. Cochrane, catcher, is shown on the left in the accompanying picture.

Line-Up for Tomorrow's Game is Announced—Buhler and Mayes Are Local Battery

The Maryville Merchants' Baseball Club will be accompanied by a large delegation of business men and the Maryville band to Tarkio tomorrow for the second day of the two-day celebration there and the opening game of the Tarkio baseball season.

O. K. Bovard agreed this morning to get together as many musicians as possible for the band to take to Tarkio tomorrow, according to R. Liley, manager of the M. M. B. C. this morning.

There will be some new faces on the line-up tomorrow that will face the Tarkio aggregation. The batting line-up is announced as follows:

Phil Tobin, 2b; Roy Mayes, c; R. Liley, cf; Frank Meyers, 3b; H. F. Lawrence, ss; John Brennan, 1b; Howell England, lf; Webster Young, rf; H. Buhler, p; Gordon Joy, auxiliary pitcher, and R. Still, outfielder, will be with the team.

Barmann Auto Nine Loses to Con. College

The Barmann Auto Co., baseball team suffered defeat at the hands of the Conception College diamond team yesterday at Old Conception. The score is reported as 22 to 1 in favor of the Collegians. Up to the sixth inning the local garagemen played a creditable game, but the last four innings spelled defeat.

The personnel of the Barmann team: Booth, Bagley, S. Brownfield, Williams, Weiderholt, Jones, W. R. Brownfield, Carter and Newton.

Pavng Crew Expected to Arrive Here Today

Cook & O'Brien Construction Co., Will Commence Paving on Four Projects This Week.

Jack Canon, superintendent of the Cook & O'Brien Construction Co., is expected to arrive in Maryville today with a paving crew and machinery. It is expected that paving operations will be commenced this week in the city on the paving contracts let to the Cook & O'Brien Construction Co., recently.

This concern was awarded the contracts for paving with seven inch reinforced concrete South Main street from Halsey to Lincoln streets, a portion of Lincoln street and on South Main to a point where the state paving stops; one block on Market between First and Second streets; and two blocks on Dunn street between Second and Fourth streets.

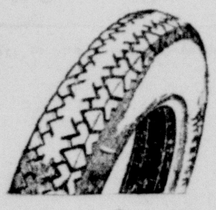
TRUCK and BUS TIRES



The tough chip-proof tread and side wall and the remarkable strength and elasticity of the Gum-Dipped Cords give these tires the stamina to withstand long, continuous use over roughest roads.

Truck owners around Maryville find that their trucks can pull through soft going because of the efficient traction these tires provide. They can speed their truck and keep it up for many miles without danger of their tires burning from within. The Gum-Dipped Cords flex easily with little or no heat.

We can fit your truck in record time. Firestones give long, satisfactory, economical mileage and their cost is low.
